Sprint 2 Plan
'Trades: The University Skill Marketplace'
May 2, 2017

Team 22
Hasaan Javed (PO)
Sid Gilela (Scrum Master)
Daniel Tjandra
Brian Wan

Goal: To create an app that gives a safe and reliable way for college students to buy and market their skills to each other in an organized manner.

Sprint 2
- User Story 1: As a student, I want a profile and email authentication system so that transactions can be recorded and reputable. (5)
  - Task 1: Implement Google Sign-in (3 hours)
  - Task 2: Text boxes for user description, email, phone number, name, and more. (2 hours)
- User Story 2: As a regular user, I want listings and profiles to be saved and efficiently accessed. (21)
  - Task 1: Implement Firebase NoSQL database (10 hours)
- User Story 3: As a consumer, I would like to have a ratings system, so that I will have a good idea of the reputability and satisfaction of listers. (2)
  - Task 1: Implement buttons for users to rate each other (1 hour)
  - Task 2: Allow users to upload photos (3 hours)
- User Story 4: As a busy worker, I want the transition from one activity to the next to be smooth, so that the app feels streamlined. (1)
 - Task 1: Implement special transitions for certain activities (1 hour)

Team Roles:
Hasaan Javed   - Product Owner, Designer
Sid Gilela   - Scrum Master, Design
Daniel Tjandra - Programmer, Designer
